CORONAVIRUS NOTICE

Due to the COVID-19 pandemic, the Mayor of the Borough of Barnegat Light has declared a State of Emergency in the Borough. This declaration was designated to provide for certain measures to be taken to ensure the public's health, welfare and safety.

The Barnegat Light Emergency Operations Center has been activated on a part time basis since March 15. The Mayor, members of the emergency operations team, the fire department, the first aid squad and police are in constant contact every day.

We have been interfacing with other operations centers on the Island as well as with the County and State emergency operations personnel.

We are aware of several rumors that have been circulating in the area and we know that there are unanswered questions concerning the Barnegat Light community.

In an effort to provide accurate information, we've created an email address. If you write with your question or concern, we will respond as quickly as possible with the current information.
